About Us

We started Paudha to bring people closer to Nature.

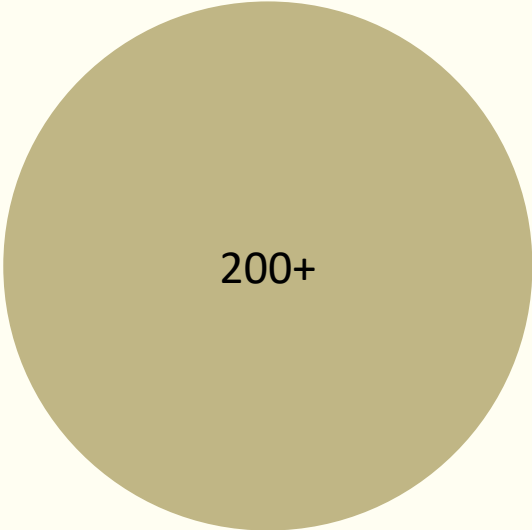

At Paudha, we believe that your quality of life can be improved by fusing the natural world into your house, workplace, or outdoor spaces. We are stylists, horticulturalists, and plant enthusiasts with the aim of taking the beauty of nature indoors to make more convenient, appealing, and productive places to live, work and play..

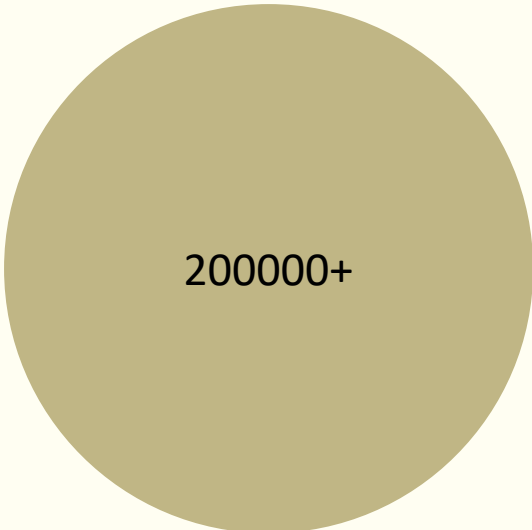

Creating green spaces to live, work and play around!

Founded

Projects done

Area covered

Spreading greenery, Delivering happiness

Mission & Vision

Mission

Offer wide range of products and services to help people make functional, maintainable and beautiful green spaces.

Vision

We want to bring people living in urban concrete jungles closer to nature by helping them make their own pockets of green spaces.

Our Offerings

BALCONY GARDEN

TERRACE GARDEN

LAWNS

OUTDOOR LIVING PRODUCT RANGE

How it works?

1. Consultation and site visit

The team will take measurements, analyze patterns of sunlight and other factors in the field and will share thoughts about how the area can be converted along with cash value costing information. The executive will help you choose the right design package for you based on your requirements

2. Mood board & price estimate

We will present our design concept along with rough price estimates after the site visit. This will provide choices for products and plants along with placement suggestions for them.

3. Final Plan and implementation overview:

Once the plan is approved and selection in planter types/ plants is made, we will work out the exact details and also give a rough timeline for execution along with the detailed price estimate.

4. Delivery & installation

We will communicate with the client and deliver and install all the products once all our products are ready.

5. Maintenance

We will provide all the required maintenance information, such as watering frequency, manure, etc., after installation.

What Our Customers Are Saying

“

The entire project went through smoothly. The team was super cooperative. The quality of work delivered by the team was up to the mark. Super happy with my experience with them

”

Shivoy, Phase 1
Gurugram

“

I got my balcony makeover from Paudha. I am super happy, it come out so well, more than I ever imagined. Staff is really professional, and they discuss every detail and make things very clear and easy. Highly recommended for anyone who wants quality work and turn their regular balcony into luxury one.

”
